

IATSE LOCAL 479 Substance Abuse Recovery Program

# NEED HELP?

## Do You Need Help?

If you have realized that you need help for issues that you cannot overcome on your own we want you to know that you are not the only person facing these problems, and that help is available!

## There is Good News! There Is a *Solution!*

The contact information provided here can be your first step in addressing the issues that you have had no success in dealing with on your own. The people you will be talking to have "been there and done that." – **You will be in good hands.**

If it is determined that you need in-house treatment, the IATSE health care does provide up to a 30 day hospital stay! You must have coverage through Empire Blue Cross/Blue Shield for in-house treatment. If you have a different policy, please check with them to see if they will cover in-house treatment for substance abuse.

Please contact me directly if you need guidance as to the best facility for the issue you are dealing with. I am here to help you!

Your privacy is my first concern. You will be protected.
